IN COME THE VOTES

Which Could Not Be Found in
the Plainfield Box.

THEY ARE NOT YET COUNTED

But Are Left in Custody of the County
Clerk—Proceedings in the Re-
count Yesterday.

The eight missing ballots from Plainfield were brought before the canvassing board yesterday and were filed with affidavits from Inspectors Compton and Laubach. Justice of the Peace Riley L. Compton's affidavit states that he was one of the inspectors of election for Plainfield; that in the counting of the votes all straight votes were kept together and tied with rubber bands; that on the completion of the count all ballots were put in the box, which was securely locked, excepting therefrom eight straight people's party votes. That by accident or mistake said eight people's party votes were not placed in the box, but put in with a bundle of tickets which were not voted, and delivered to Austin Laubach, township clerk, and one of the clerks of said election. That dependent upon said tickets were placed back in said box together with the other tickets voted until he learned through the papers that said tickets were not in said box. He further swears that on yesterday he went to the house and office of Township Clerk Laubach, and with him made a search for the missing tickets. That they found the eight people's party votes rolled up together and tied with a band just as the inspectors had left them. The said tickets were tendered to the county clerk with the affidavits.

How They Were Lost.
Austin Laubach, township clerk of Plainfield, made affidavit to the same effect, saying that all tickets not voted at said election were tendered to him, and that he took them to his home as rolled up and tied. That on opening them yesterday, together with Justice Compton's affidavit, he found the eight people's party ballots as stated; that the intention was to replace the votes in the box, but that they were left out by mistake. He also swore that Justice Compton's affidavit is true.

County Clerk Harvey, on receipt of the above, read the affidavits before the recount committee. Mr. Laubach moved that the affidavits be received and filed and the eight ballots counted. The motion was not seconded by Mr. Benjamin or Mr. Emmens, so the eight votes are still in the clerk's custody.

The Inspector's Politics.
The political complexion of the Plainfield board of inspectors is republican and consists of Supervisors Hyde and Clerk Laubach, republican, and Justice Compton, democrat.

In the fourth precinct of the first ward a ballot was unearthed yesterday which had crossed after the names of the democratic candidates instead of in the square in front of them. The cross after Richardson's name was particularly in the square before Belknap's name and the vote was counted for Belknap. Mr. Turner offered strong objections but the board counted the vote for Belknap.

In one of the first ward precincts the ballots found in the box exceeded the poll list by five, while at the same time the box contained six ballots rolled together and marked "void" or "voided," it being hard to determine which. Supervisor Leppink and Inspector Gezon were sent for, and after being cloaked together with the doubtful ballots, reported that the roll which was marked should be counted, and that another roll of five ballots should be cast out. This was done and Richardson gained three on the six votes.

Yesterday's Count.

The results was as follows:
First Ward, First Precinct—Belknap 199, Richardson 289, Clute 6, not counted 33; Belknap's gain 1.
First Ward, Second Precinct—Belknap 205, Richardson 190, Clute 4, not counted 18; Belknap's gain 4.
First Ward Third Precinct—Belknap 147, Richardson 145, Clute 4, not counted 18; Richardson's gain 1.
First Ward, Fourth Precinct—Belknap 232, Richardson 300, Clute 12, not counted 26; Richardson's gain 1.

Twenty-six votes were thrown out, Richardson losing eight, Belknap nine, Clute three and the rest not counted by the inspectors.

Belknap's net loss in the county outside the city was eighteen, Richardson's net loss was twenty-four.

SUIT FOR ADVERTISING.

The Panorama on Monroe Street Leads to Litigation.

A suit was tried in Justice Holcomb's court yesterday of more than ordinary interest. The suit was brought against Wykes & Burns to recover an advertising bill for a card in the electrical panorama located in front of Houseman, Donnelly & Jones on Monroe street. Wykes & Burns proved that the agent made false representations concerning the panorama to get their card. Among other things, he claimed many of the leading firms in the city had taken cards. Among them, Foster & Stevens. Mr. Stevens swore he had never had a card placed in the panorama. Wykes & Burns also proved that they countermanded their order a very short time after it was given. Several

business men having cards in the machine swore that they were duped, but that they settled to avoid the expense of a law suit. Judge Holcomb decided in favor of defendants.

W. CURTIS, SUPT. MICH. IRON WORKS.
"I want everybody afflicted with catarrh, asthma, bronchitis or kindred trouble to consult Dr. Rankin at once as he is an expert in the diagnosis and treatment of diseases," said Mr. W. Curtis, one of Grand Rapids representative business men and superintendent of the Michigan Iron Works. In a recent interview, "I am urging this," he continued, "because I can speak from experience. Everyone who knows me, knows that for years I had a bad case of catarrh complicated with asthma. I had tried many times to get relief, but always failed. So many of my friends urged me to go to Dr. Rankin that I finally did so and have been congratulating myself over my good judgment in doing so ever since. My head is now clear and my breathing free. I used to cough, choke, hawk and spit all the time; now I only have a little cough on mornings. I am able to walk to my business now, for the first time in years. My lungs and throat are steadily and surely improving in every way and I earnestly recommend Dr. Rankin to all sufferers."
